GUTTER DOPE

VOL 35,NO 13 SAN ANTONIO RADIO CLUB AUG 5,1955

MEETING

TIME--8:00 PM August 5, 1955
PLACE--Woodlawn Lake Clubhouse
(Just west of Zarzamora
on Cincinnati Ave)

Since there is no regular program scheduled we will have a discussion concerning civil defense and AREC. Anybody interested, come on out and share your ideas. Any and all are welcome.

NON-AMATEURS IN HAM BANDS

The ARRL is currently engaged in an effort to identify and log every non-amateur station operating unlawfully in the Amateur bands. Call letters, freq, date, and time are required. Reports to be sent to ARRL Communications Dept. Those interested in going into this to a greater extent might consider Official Observer appointments. Contact your SCM for information.

CIVIL DEFENSE

Everyone interested in AREC or Civil Defense, contact LVE, Johnny for blanks for membership. Looks like the local Bexar County C.D. organization is getting interested in communications and we would like a big turnout to show them what the "hams" CAN do.

XMTR HUNT

Derwin King, LUU, hid the transmitter in a tricky place off Hwy 87 last week. Johnny, LVE, hides it this week Aug.7. Anyone who has receiver in the car and a loop can hunt. You don't need to transmit. Meet at South end Olmos Park at 1:30 PM and join in the picnic afterwards at the park

D X

The FCC announces that, effective July 20, Laos has been removed from the list of countries with which amateur communication is prohibited. Amateurs may now freely engage in communications with XW8 stations

---

S A R C E N

Ralph Cole, THU, has had good attendance at the Thursday nite drill. However the invitation is still out for any one else who would like to join. It is primarily mobile but we do need fixed station operators. Meet at 6:00 P every Thursday on 3855. Let's have some NEW members.

GUTTER SWEEPINS

Gene, EJT, set a new high in scrounging at a recent scrounging party. Gene loaded up his truck and then even scrounged the door mat from MARS----Heard Frank, EDX, on 15 mtrs Sunday----Time almost up for George, LFG, who has 3 more weeks at Huntsville----Willard, FND, just got new finish on his HRO-60.(used a rough method tho; seems he likes a hammered finish, acquired from stacks of pipes falling on it ---- Wonder if Derwin,LUU, got his concrete mixed yet for his beam base----Bob, WVY, back from his tour with the U.S.Army in Germany His call while there was DL4RG---- Bob Clark, OIK and XYL, Sidney, entertained a group of local hams Friday nite----EJT,Gene, installing his mobile rig in his new ? Chevy and getting a new converter---- DKF, Cole, among the new transmitter hunters----In a round table with LFG on 15 mtrs was THU, WXT, LUU, EDX and KQG(phone patch)

Do YOU have any thing for Gutter Dope ? ? ? ? ? ?
